SUMMARY

Motivated and detail-oriented junior software engineer with a strong foundation in programming languages, and data structures. Collaborated with senior engineers to design, develop, and maintain software applications using NodeJS, and other modern technologies. . Effective communicator and team player who is committed to continuous learning and professional growth. Seeking opportunities to apply my skills and contribute to a dynamic software development team.

EDUCATIONAL BACKGROUND

● **University of Rwanda**– Kigali, Rwanda **April, 2020 – ,April 2023** BSE (Hons) Computer and Software Engineering .
Relevant Coursework*: UX/UI Research & Design, Human-Centered Interaction/Design, Data & Decision, Project Management, Python, SQL Databases, Computing Research.*

● **Ecole Secondaire de RUKOZO (ESR)**– Rulindo, Rwanda **January, 2017– November ,2019 ,**A2 High School Certificate.
Relevant Coursework: *Mathematics , Economics, and Computer Science (MCE) .*

PROFESSIONAL WORK EXPERIENCE

● **ALX SE ,** Nairobi, Kenya ,**Full stack Software Engineering Remote training.**
  April 2022 - May 2023.
  - shell,shell commands,terminal and vi , working with Python , Javascript, C , APIs , and participating in technical discussions to aid system design, analysis, and troubleshooting.

● **Klab –** Kigali, Rwanda ,**Backend Developer remote training.**

  December 2022 - March 2023.
    - Working with creation of API's, testing and documentations by using NodeJS.

CERTIFICATES

●Intermediate Javascript certificate, [HackerRank](#)

●Basic Python certificate, [HackerRank](#).

●CCNA certificate, [Cisco Networking](#).

●IT Essentials certificate, [Cisco Networking](#).

Professional Skills

- Keeping up to date with the industry.
- understand all programming tools and principles
- **Understanding of web security principles special on the backend side.**
- Hard working and decision making.
- Project Management .
- Communicating well with others.
- **Being able to manage time and prioritize.**
- I am constantly learning and improving.

Programming Skills

.Node js

.Python

.C and C#

.Git and GitHub

.Java

.PHP

.SQL and Mongodb

.ReactJs

.html & CSS with SasS

Languages

.English - Native   .Kinyarwanda -Native

Referees

.Issa Nsabimana - **Codeland S.r.l ,**Frontend developer ,   **Linkedin   Tel: +250787222766**

.Derrick Ampire - ALX SE Technical Mentor,   **Linkedin   Email: ampire90@gmail.com**
